BLAST CHILLER/SHOCK FREEZER

Fast-Safe-Delicious

What is Blast Chiller?

“Chilling” upgrades the quality of your cooking.

Feature **01** Keeping up the taste

The taste remains the same once it is cooled down. The freshly made flavor and texture are still there even over time.

Feature **02** Time-saving and efficient

Compared to natural cooking, food is cooled down in a shorter time. Cooking steps can be set up easily, improving your work efficiency.

Feature **03** Contributing to food safety

Being quickly chilled, food is kept well safely. The temperature range exposed to food-poisoning bacteria is skipped rapidly.

Ready to blast-chill and shock-freeze freshly cooked food.

Its flavors and savors are kept intact.

Just cooked food is blasted-chilled and shock-frozen quickly at -40°C to keep up its flavor and savor. The ingredients are still tasty, souffle and juicy.

Cooling Performance

- Shock Freezing +70°C → -20°C in 220 min or less
- Blast Chilling +70°C → +3°C in 70 min or less

*The values may change based on driving conditions.

3 chilling modes to choose from for the ingredients

The 3 modes - "Pre-Cool", "Chill" and "Shock-Freeze" – as well as the mode control can be flexibly selected for the best cooling of all kinds of foodstuff and dishes.

Pre-Cool

The inside of the chiller can be cooled in advance before actually chilling the food.

Chill

Hotly cooked food can be put in the chiller to let it cool down and get blast-chilled.

Shock-Freeze

The food is then blast-frozen at as low as -40°C.

User-friendly design

Just put it in the chiller

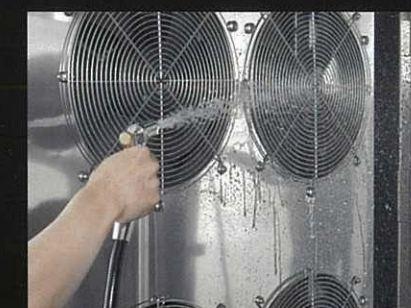

Place the cooked food in the chiller and start cooling.

Control panel easy to control

The simple control panel is designed user-friendly.

Easy to clean

The chiller can be washed directly with water.

Product lineup

QXF-006SFLVA

QXF-006SFLTA

QXF-012SFLVA

QXF-020SFKSA

Upright type 6

QXF-006SFLVA

External dimensions: W840xD880(932)×H1,465mm

Usable interior volume: 173L

6 shelf positions for GN 1/1 pans

Table type 6

QXF-006SFLTA

External dimensions: W1,200×D750(802)×H800mm

Usable interior volume: 147L

6 shelf positions for GN 1/1 pans

Upright type 12

QXF-012SFLVA

External dimensions: W840xD880(932)×H1,882mm

Usable interior volume: 286L

12 shelf positions for GN 1/1 pans

■ Remote type *Refrigerator is separately arranges.

Upright type 20

QXF-020SFKSA

External dimensions:

W1,290×D1,027(1,061)×H2,250(2,305)mm

Usable interior volume: 864L

20 shelf positions for GN 1/1 pans

Upright type 24

QXF-024SFKSA

External dimensions:

W1,290×D1,167 (1,201) ×H1,775(1,830)mm

Usable interior volume: 638L

24 shelf positions for GN 1/1 pans

Upright type 40

QXF-040SFKSA

External dimensions:

W1,290×D1,167(1,201)×H2,210(2,265)mm

Usable interior volume: 1,123L

40 shelf positions for GN 1/1 pans
